Re: Final Approval of Permit Amendment, Bonneville Quarries, Inc., Dove Creek Quarry, M0030016, Task #898, Box Elder County, Utah

Dear Mr. Cates:

On January 9, 2006 received an amendment for the Dove Creek Quarry. This amendment included adding 6 acres of quarry on private lands between the Main Quarry and the Cliff Quarry. While the Division has reviewed the project, final approval could not be granted until the Dove Creek Quarry permit was transferred to your company. This was finalized and approved on February 1, 2007. The Reclamation surety posted for the transfer also included the reclamation costs for this amendment. Therefore no additional surety is required at this time. The Division now issues **final approval** of this amendment.

The Division appreciates your patience and cooperation in completing this amendment. As always, please don't hesitate to call me or Lynn Kunzler of my staff if you have any questions regarding this matter.

Sincerely,

Susan M. White,
Mining Program Coordinator
Minerals Regulatory Program
